ALLEGED I. W. W. TRIAL DRAGGED THROUGH WEEK

Both State And The Accused's Lawyer Were Eloquent

STUBORN DEFENSE MADE

Coast Man's Case Is In Hands Of A Mixed Jury

The case of the state against Oscar Erickson, who lives on the coast and who is accused of violating the criminal syndicalism act of the state, has been on trial for almost a week.

Nothing Left Undone

The case has been more stubbornly contested than any criminal charge heard here for some time. Attorney M. H. Iversen is leaving no stone unturned to have his client liberated and has been putting up a splendid defense. Naturally the public is prejudiced against a person charged with such a crime as that lodged against Mr. Erickson and Attorney Iversen, seemingly appreciates his handicap and is making a determined and eloquent opposition to the efforts of the state to convict.

District Attorney Hurley has gotten his side of the case before the jury in excellent fashion. In fact, it can be truthfully said, both the state and the defense have left nothing which could possibly help their side of the case undone.

Who Jurors Are

The jury trying the accused man is composed of the following men and women: J. M. Goforth, Covelo; M. T. Metzler, Hopland; Jaba Beasley, Hopland; C. L. Crawford, Earl Cox, Mrs. Bert Rains, Mrs. G. A. Johnson, J. P. Smith, Ukiah; C. B. Lloyd, Longvale; O. R. Hughes, Potter Valley; Chas. W. Sanders, Philo; Clyde Cahon, Willits.

The jury retired for deliberation shortly after the recess at noon Tuesday.

HE ANSWERED IT

Local Shoe Merchant Told Inquirer What He Wanted To Know

The other day a customer asked N. A. Hornbrook, of Hornbrook's Shoe Store how long a shoe should last and was told:

"The average step is 26 inches. This means 1,920 steps to the mile, or 13,440 in a five-mile day. A person weighing 160 pounds, in a day has pounded into his shoes 751 tons and 600 pounds of meat, bone and troubles, and all this he carries above his shoes. Men buy three pairs of shoes a year. A steel hammer weighing 160 pounds coming down at that rate for four months would have to be renewed each day and would have to be fished out of the deepest hole in the earth at the end of four onths."

NEWSPAPER MAN VISITS

Mr. and Mrs. W. J. Bolce and children and Mrs. M. Prather, of Adams Springs, were here Friday on a short business mission. They drove over and reported the highways, both by the way of Blue Lakes and Hopland, in excellent condition.

C. D. Dorman, of Covelo, was called to Ukiah last week on private matters.

SHIPS HOPS TO FRANCE

There was an interesting hop deal in Mendocino county, a few days since when George Hewlett, well known hop grower, purchased 250 bales of 1923 hops paying 27c a pound for 100 bales and 28c a pound for 150 bales. These hops are to be shipped to France. The order came direct to Mr. Hewlett, a grower. It is said this sale does not effect the American market, the last sales of 1923 Sonoma hops have been made at 22½c a pound.

HOMES NEEDED FOR 2 LITTLE UNFORTUNATES

Deserted Boy And Girl Ask Some One To Shelter Them

The pitiful story of two children in need of a home has recently been brought to the attention of The Republican Press and the story is broadcasted through these columns in the hope there is some kindhearted family who will take the little ones in and give them the care and attention that is their natural heritage.

The children are a boy aged ten and a girl aged seven years. They are of American birth and come of a Protestant family. The little girl is a particularly loveable child. If anyone is interested will they please communicate with Mrs. Lucy Cleland, social agent, Ukiah, Mendocino county, California?

DROVE TO LAKEPORT

Mr. and Mrs. Bert Rains and family motored to Lakeport Sunday to participate in a birthday dinner given in honor of Mr. Rain's uncle, Ed. Schmidt.

ANDERSON VALLEY IS VICTOR OVER COAST

Mendocino Players Are Taken Into Camp Very Easily

(Special Correspondence of The Press)

ANDERSON VALLEY, JAN. 21—In one of the fastest and cleanest games ever seen in Anderson Valley the local league team defeated the visitors from Mendocino Friday night. Anderson valley led from the first and at the end of the first half the score was 11 to 7 in favor of the valley team. The coast boys were held scoreless in the second half while Anderson valley added eight points to the victory for good measure. No player tried to star on either team, each man playing the game for his school. No substitutes were used by either school. The line up was as follows:

Anderson valley high school, Mattison and Prather, forwards; Benton, center; H. Cureton (captain) and O. Cureton, guards. Mendocino high school, Gross (captain) and Mendal, forwards; Daniels, center; Lemos and Rice, guards.

The opening game of the evening was played by the class B. teams of the two schools and was won by Mendocino 20 to 10. The real surprise of the evening came when the second game was won by the Anderson valley girls basket ball team by a score of 13 to

BULL MONTANA GRAPPLED HARD BUT LOST OUT

Hollywood Movie King Unable To Overcome Poulos Quickness

BEAUTY AWARD IS MADE

Famous Italian States Ukiah Matman Is "Some Bear"

The Bull Montana-Paul Poulos wrestling match at The State Theatre Monday night did not draw the crowd it should have, but the 300 or 400 people who witnessed the bout more than got their money's worth.

Started The Program

The preliminary event was between McCarthy and Graham two rattling good amateur wrestlers and they entertained the crowd for a quarter of an hour. The boys were evenly matched and, as they have several times before, wrestled to a draw.

The Big Attraction

Of course the real attraction of the evening was the Montana - Poulos struggle. Montana is strong, has lots of nerve and plenty of experience, but he was not able to handle Poulos, although he, at times, forced the local man to exert himself as no other wrestler has. Poulos worried Montana a great deal with toe holds, but, at that, he was not able to make the husky Italian quit as he usually makes other opponents do. Montana two or three times had dangerous arm-scissors working on Poulos, but, each time the Ukiah man got away from them. The match was clean all the way through and the utmost good natured prevailed —at times in the past when punishmen was inflicted wrestlers have lost their heads, but not so Montana.

Poulos Won Match

After 53 minutes wrestling Poulos got the first fall through an arm-scissors. The men came back after the intermission and at the time the bell sounded were struggling furiously for a fall. Montana was bending every effort to get one, but could not do so.

Honors Awarded

Before the start of the bouts a message to The Republican Press was read. It was signed by Jack Dempsey and Douglas Fairbanks at Hollywood and asked that a beauty contest between Pete Buzukos, ex-world's welter-weight champion wrestler, who was to referee the match, and Bull Montana be held. The message stated such a contest had taken place in Hollywood, but that no decision had been arrived at. The telegram said a trophy was being shipped by express and that, in the event an award was made by a Ukiah audience, the trophy should be turned over to the winner. The time keeper then called Pete Buzukos and Bull Montana before the audience and Pete was declared the winner. Forthwith the trophy was brought in and awarded Pete and it turned out to be a monster cabbage with a hugh calico ribbon of red adorning it.

The match was refereed by Pete Buzukos, former world's champion and C. N. Mortenson was timekeeper and Frayne Prather was referee in the first preliminary.

Bull Montana, Paul Poulos and Pete Buzukos left yesterday for Eureka where Poulos and Montana will wrestle tonight.

Montana's comment on Poulos was "He's some bear."

WILLITS CAR WRECKED

In an automobile accident at Cloverdale Monday afternoon Thomas Persico, wife and two children of Willits were seriously injured. The accident occurred when Miss Emma Hermann, employed in the Cloverdale National Bank, was turning her car about on the highway. Mr. Persico's car, it is said, crashed into her machine.

MARRIAGE LICENSES

Marriage licenses have been issued to John R. Heap and Florence Roach and Thomas V. Knight and Lois Harel during the last few days by Clerk Prather.

HAVE A SON

Dr. and Mrs. Ralph Blend are receiving the congratulations of their friends following the birth of a son Wednesday, Jan. 16. The little one is the third boy in the family.

PRUNING DEMONSTRATION

A grape pruning demonstration, to which the grape growers are invited, will be held at the Jay Lee Smith vineyard on Wednesday, Jan. 30 at 1:45 p. m. Prof. F. T. Bioletti of the Department of Viticulture of U. C. will be in charge.

WENT TO YOSEMITE

Among the party of Elks making up the delegation from the bay cities who are motoring to Yosemite this week to enjoy the snowy splendors of midwinter are Dr. and Mrs. A. J. Atkins of San Francisco.

MISS REDWINE ILL

Mrs. Jessie Redwine, who has been quite ill at her home in this city, is improving at the present time which will be good news to her many friends here and in Round Valley.

FARM BUREAU'S HEADS OUTLINE 1924'S DESIRE

Membership Increasing Treasury Is Full— All Is Well

J B BELLATTI PRESIDENT

Coast Wants 2 Centers Weaknesses To Be Strengthened

The annual meeting of directors of the Mendocino County Farm Bureau, was attended by directors, alternate directors and center officers, both the outgoing and incoming delegates from many centers being present. President Hooper being unavoidably detained the meeting opened with Vice-President Bellatti presiding.

Treasury All Right

This first meeting of the year finds the Bureau of good courage and financially sound. The report of the Secretary-Treasurer shows cash on hand January 1, 1924, $827.67; revolving fund in the hands of the Farm Adviser $50.00; savings fund, $360.46, plus accrued interest one year, $375.00. Total assets $1297.67 as against $766.12, Jan. 1, 1923.

Many Members Join

With the membership campaign approximately fifty per cent completed prospects are good for a much larger membership than last year—two of the centers reported having practically doubled their membership. Redwood Valley has done most excellent work, having been the first center to begin the drive and holding the lead in numbers until the annual meeting when the larger communities of Willits and Round Valley forged ahead. Mr. Bellatti is justly proud of the fact and one helper and himself secured 65 members for Round Valley center in little more than one days' work.

Young Men Interested

One source of strength in both the centers and the county organization is in the training the younger members are receiving. Several centers reported well attended and profitable meetings though the usual leaders were absent. It is not the number of members in a center so much as the number of workers that makes a strong center. Try attending your center meeting as regularly as possible this year, serve on committees when asked to do so, visit the directors' meetings occasionally, and boost. Workers are always boosters.

Would Get Relief

The Utilities Department is rapidly coming to the front as a most important project; many complaints of unjust freight rates are being heard and individuals and communities are asking relief. The secretary was instructed to invite J. J. Deuel, chairman of the Utilities Department to visit Mendocino county soon to learn our needs and get action.

Officers Were Named

One of the most interesting features of the meeting was the election of officers which occurred in the afternoon, President Hooper presiding. The following officers were elected for the year 1924: Directors at large, L. E. Crawford, J. G. Newman, J. C. Johnson, F. H. Waugh. There being no contest in the other offices the following were elected by acclamation: President, J. B. Bellatti; Vice-President, J. J. Thornton; State Director, J. C. Johnson. A committee was appointed to

(Continued on Page 5)

OLDEST SUBSCRIBER A BALTIMORE, MD. CITIZEN

For months back, as subscribers have come to The Press office to pay their subscritpions, or sent the same to the office by mail, various accounts regarding the length of time different subscribers have been taking the paper—up to as long a period as 45 years—have been recalled, but in the mail today there came from Baltimore information regarding, probably, the oldest reader The Republican Press has. The story came in a letter renewing the subscription of Thomas B. Bond, who lives in the Maryland city, and in it Mr. Bond stated he was 92 years of age. The venerable man is likely the oldest reader of The Press. Mr. Bond, in his communication, asked to be remembered to Judge J. M. Mannon and others.

FORECLOSING MORTGAGE

G. M. Biggar is suing Henry Redfield to collect approximately $900 due on two mortgages.

HURT HER HAND

Mrs. Joseph Beck had the misfortune to badly lacerate her hand recently while employed in household tasks.

HAD INSTALLATION

The Pocohontas and Redmen enjoyed a joint installation and banquet last evening at their headquarters in the Sanford Building.

LETTERS SOUGHT

Application for letters of administration in the estates of Richard M. Brown and E. H. Roth have been filed. The estate of Mr. Roth is valued at $6500.

L. L. Hopkins, local real estate man, was a business visitor to the Anderson valley section the first of the week.

SHOOTING AT ALBION

Yesterday shortly before noon J. W. Tolan, who has been employed at the Albion Mill in Albion for three years, and who has been regarded as having extreme views on social questions, shot and probably fatally wounded a fellow worker, Conrad Figrist. The two had an argument earlier in the day and the mill boss sent Tolan home. The latter returned about 12:30 and meeting his victim near the dry-sheds, shot him through the abdomen with a revolver. Tolan was detained and will probably be turned over to the officers when they arrive for him.

DEATH CALLED MISS DOROTHY DOOLITTLE

Patient Sufferer Quietly Entered Into Eternal Rest Thursday

After an illness of more than 20 years death came to relieve the suffering of Miss Dorothy Doolittle, daughter of Mr. C. H. Doolittle of this city who passed away at the family home north of town Jan. 18.

Remains Were Cremated

The body was shipped to Mount Olivet for cremation, the service being held Monday morning at ten o'clock in the chapel there. Miss Doolittle was born in Denver, Colo., Jan. 29, 1898. For several years she has resided in Burlingame, making frequent visits to the family home near here. Deceased was a young woman of great sweetness and charm of disposition and won many friends here who will extend sincere sympathy to Mr. and Mrs. Doolittle. Arrangements for the funeral were made here through B. L. Cleland.

ALL FARM ADVISERS DOING GREAT WORK

Annual Report Brings Approval From All Over The State

The annual report of farm advisers, home demonstration agents and club leaders of California, operating under the direction of the extension division of the College of Agriculture of the University of California, has just been issued. The reports show a decided increase in activities throughout the State as compared with the report of 1922 or previous years.

Activities of the farm advisers included calls for 43,302 farm visits in 1923, as compared to 33,476 the previous year, and they held 9919 meetings, as against 9300 in 1922. The attendance at these meetings in 1923 was 428,798, as contrasted with 346,075 the year before, an increase of 23 per cent.

Demonstrations Increase

In 1923 the advisers located 6761 farm demonstrations, practically double the number of 1922, when 3919 demonstrations were held. The advisers wrote and mailed 64,061 letters, in contrast with 61,781 in 1922, and received office calls asking for agricultural advice to the number of 64,551, as against 58,-

(Continued on Page 5)

MENDOCINO CO. PROBABLY WILL RESCUE CATTLE

Lack Of Rain Causes Drouth And Big Stock Losses

DRY CREEK IS DRIED UP

Lambs Killed In Effort To Save The Ewes —No Plowing

DRY CREEK DRIED UP

Dry Creek, near Cloverdale, is dry for the first time in 24 years, according to Harvey Dale, a resident of the Dry Creek region. Although the creek takes its name from the condition of its course during the summer months, at this time of the year it is usually more like a river than a creek.

Lack of anything like adequate rainfall in a large portion of the state—especially in the two great valleys of central California—is making a very serious situation. The early rains of last fall, which started grass in those sections was followed by a dry warm period in which the new grass was killed.

Looking Toward Mendocino

Stock in all but the irrigated sections is being fed. A movement of range cattle from Santa Barbara county to Imeprial Valley was started this week, and there is some talk of shipping some cattle into Mendocino county where feed received a good start and is making a very good showing.

Killed Many Lambs

Seven hundred head of new born lambs were recently killed in Contra Costa county to preserve the lives of their mothers, and the same thing is being done in the Sacramento Valley in many places where sheep men have not a sufficient supply of hay or corn for feed. Very little plowing has been done in the San Joaquin because of the lack of rainfall. A recent letter from Marysville stated that the Sacramento river was the lowest in history.

TO EXPLAIN IT

At the meeting of the Wednesday Luncheon of the Chamber of Commerce at The Palace Hotel today Attorney C. M. Mannon will explain the Mellen Tax reduction bill.

HELD FOR FORGERY

M. Mortius was last week held on $2500 bond on a forgery charge by Justice Busch, unable to furnish bond, he is in jail. The accused man is alleged to have entered the cabin of a fellow woodsman on the coast named Farragota and appropriated a check drawn by the Caspar Lumber Co., for the sum of $54.05, $10 in gold, and a number of personal effects. Going to Fort Bragg he forged the name of Farragota to an endorsement of the check, which he cashed at a Fort Bragg business house.

Mrs. A. J. Busch, of Potter Valley, was a shopper here the last of the week.

JANUARY

Is The Danger Month

For All Who Are Subject To Coughs

Weak bronchial tubes or weak lungs stand very little chance in keen January weather. People who are subject to coughs and colds should be well prepared with the best cough and cold remedies they can purchase that immediate doses may be taken when a cough or cold makes its appearance. In this way they'll head off distress and avoid real danger. Sometimes, however, all the medicines in the world can't stop the trouble—that's when the medicine is taken too late. We sell all standard cold remedies. Order your perference.

FIXING THE BIBLE.
BRAVE MEN ARE VALUABLE.
POWER IN THE HEAD.
FOUR GREATEST HORSES.
WATCH EUROPE'S EXCHANGE.

A Chicago professor translates the Bible and cuts out completely John's story of the woman whom Christ forgave, saying to the collection of old gentlemen with stones in their hands:

He that is without sin among you, let him first cast a stone at her."

John never wrote that, says the learned translator; somebody put it in. Another learned man says the Book of John was written two or three hundred years after the death of Christ and, if that be true, John might have missed something.

If now some other wise person would cut out of the New Testament "The Sermon on the Mount" and "suffer little children to come unto Me, and forbid them not," the job would be perfect.

The story about the woman forgiven, in the eighth chapter of John, is especially interesting, because in all the Bible contains the only reference to any writing done by Christ: "Jesus stooped down and His finger wrote on the ground." And that answers in an interesting way other wise men, including Renan, who say that Christ, a simple peasant of Galilee, never could read or write.

It pays to save little things. And some very rich men are rich because they know it. But suggest saving to a young man who hasn't got anything—he smiles compassionately and passes on.

Henry Ford doesn't do that. His plant in Detroit saves waste paper, string, used-up heads of mops, broken pails, nuts, bolts, etc. At the end of a year the saving equals a million dollars a month.

It is planned to send the dirigible Shenandoah to the North Pole; an interesting idea, but some engineers and others declare the Shenandoah unfit for such a journey.

If there is any doubt about it, there should be no such North Pole trip, and men of high authority should take no needless risk with others, especially as they themselves would not be included in the crew.

Men were sent to their death in badly made flying machines during the war. But that was war. This is peace, and men able and brave enough for that North Pole trip are valuable. A mere trip of interesting scientific investigation may well be postponed until it can be made safely.

Man is an inferior animal, science tells you. If you were as strong as an ant you could lift 120 tons. If as agile as a flea, you could jump over a tall building. What of it?

By pressing a button, working a machine created by his brain, man can lift many thousands of tons. He can't jump like a flea, but he can go up in a flying machine, and stay up. The flea cannot do that. It's better to have the power in your head, than in leg or arm.

"Market buoyant on a big turnover" was the Wall Street line yesterday. Somebody bought 1,139,000 shares of various bonds and nearly all of them traveled upward.

It would be hard to find cause for gloom as regards this country's prosperity. If our lawmakers would allow enough immigrants of the kind that this country needs to come in to develope unused acres, and consume surplus products, conditions would be even better.

The worker who thinks that immigrants would reduce wages should remember that the average man makes today, with 110,000,000 people in the country, from six to ten times as much as he made when there were only 4,000,000 people here.

The four greatest race horses in the world—or at least the four best advertised—Zev, Papyrus, Epinard and Grey Lag, will race this year at Ascot.

Any one of those horses would sell for at least $100,000.

The automobile show, not far off, will show you various cars selling for a few hundred dollars, any one of which could take the four greatest race horses, one after another, and run them all to death in one afternoon.

Once fast horses were important. Now they are part of gambling machinery, and they won't last long.

For real news of Europe watch the exchange market. What the world thinks of a nation's money tells what the world thinks of that nation and its position. Yesterday the franc fell below five cents, the lowest record. The French debt, in three years has risen from 200 billion to 400 Billion francs. War does not pay, especially if you keep it up after it ought to be ended.

NEIGHBORHOOD NEWS

Auto thieves are annoying car owners in the northern part of the county.

Jos. E. Tuck has been named assistant cashier of the Bank of Willits, Willits.

The demand for a road to Boonville is daily becoming greater.

A Ukiah valley rancher boasts a $10,000 Simplex automobile.

A new city hall is a need of Willits which may shortly be provided.

Senator F. C. Handy is being put forward in all parts of the county as a good man for sheriff at the next election.

Agitation for a new high school building is on in earnest at Ukiah.

J. J. Thornton, of Potter Valley, is an announced candidate for supervisor.

A municipal band will be organized at Ukiah.

An active campaign is to be launched for the construction of the highway from Cloverdale to Hopland along the Russian river.

Round Valley reports the practical completion of some satisfactory bridges.

The estate of the late E. H. Roth, of Willits, amounted to $6500.

Judge E. M. Whitney, of Willits, was a victim of a heartless overcoat thief during the recent cold spell.

In a single night recently 12 coyotes were poisoned in one area, reports are.

Start on your income tax papers now.

Rain is badly needed all over the valley and coast sections.

Redwood Valley has a thriving Community Club.

A fine modern laundry has been completed at the Albertinum Orphanage in Ukiah.

Work on a $125,000 building at the State Hospital for the Insane at Talmage will soon be started.

Major A. R. Thomas has been recommended for postmaster at Ukiah by Senator Shortridge.

The Coolidge Club spirit is invading Mendocino in rapid fashion.

Mendocino County should see that the Citrus Fair at Cloverdale is well patronized.

More than a quarter of a million dollars of Anderson Valley money is on deposit in Cloverdale because of bad road connections in Mendocino county.

The badger in the cage at the courthouse is thriving, but Custodian Jack Dreyer needs another.

Bull Montana the moving picture star-wrestler appeared before a big house in Ukiah Monday last.

You must register, if you would vote.

Widening of the highway between here and the Bay has been ordered.

LAKE COUNTY STORM WORST IN 30 YEARS

Declared to be the worst storm in Lake county in 30 years, that which swept across the mountains last week wrought a great deal of damage to property. Many electric and telephone poles were broken by the ice and sleet that covered them for days at a time. The Lakeport-Hopland grade was covered with ice and for days only three or four auto drivers, braver than the general run, risked driving over it.

GOOD MAN NAMED

C. E. Humbert of Cloverdale was re-elected president of the Sonoma county farm bureau at a meeting of directors held in the farm bureau office last week.

Quality Cleaning and Dyeing

We wish to emphasize the fact all our Cleaning and Dyeing is done by experts who know their business thoroughly. We can absolutely guarantee our work to be the best that has ever been available to the people hereabouts.

Cleaning repairing, renovating

LONG VALLEY MAKES FEW CHANGES, WHAT?

Old-time Resident Uses Historical Events To Illustrate

(Written for The Press by A. L. Smith)

So little has been said, of late, about Long Valley and so little has been printed, that I sometimes think the outside world is not cognizant of such a place or such a habitancy.

Reasoning from the premises, then, a brief account of Long Valey may awaken the listless drowsiness of some and may demonstrate to the incredulous, the fact of a once thriving community.

"Hark! from the past a doleful Sound"

Long Valley is a beautiful valley lyig in the lap of the stern mountain regions of Northern Mendocino county.

It is not long, neither is it very wide and must have derived its name from its length compared with its width.

It slopes toward the north and the living waters of all its springs and creeks rush and flow into Eel River and make Humboldt county to bloom and blossom as the rose.

Long Valley was discovered by the "Boggs Boys" as they journeyed northward following the Indian trail that led from the southern country, through the chain of mountain valleys into Humboldt county and thence into Oregon.

Why they discovered Long Valley and how they discovered it is shrouded in mystery. All that is known, is when they discovered it.

Long Valley was discovered by the "Boggs Boys" in 1849—Tradition does not recite, nor does history relate how many "Boggs Boys" there were, whether two or ten—this much is only known—that they were a wild and adventuress set, whether two or ten—

"Tore their pleasures with rough strife
Through the iron gates of Life."

They sauntered along in the gorgeous summer time—'Life's summer too—and widened the trail by shooting elk, grizzly bear and Indians and it was known far and near that the aim of the "Boggs Boys" was deadly.

Once upon a time, somewhere east of the Mississippi river the Indians had killed and scalped a relative of the "Boggs Boys" and they then and there swore an oath on their rifle butts, that they would wage eternal war on the redskins and ever after whey they saw one they would send him to the "Happy Hunting Grounds" regardless of "Age, Sex or Previous condition of Servitude," and they fulfilled that resolution with a tenacity of purpose that was rare and astounding.

They returned by way of the Sacramento Valley and reported the new region they had discovered, the dense and mighty forests, the running streams, the rich soil, with thousands of grass-covered hills.

The people heard and believed and during the following decade the valleys filled with Republicans and the hills swarmed with Democrats. So much for the "Boggs Boys."

Long Valley is the only place on the globe, except the east coast of Greenland that has not moved up and onward with the times. On the contrary it has slid backwards and is still sliding—to illustrate—

When I was a boy, 40 or 50 years ago, there were three school districts in Long Valley, viz, Farley, Long Valley and Cahto and each of these schools had a daily attendance of from 50 to 60 pupils—now Farley district boasts an attendance of ten, Long Valley of 15 and Cahto school has long since lapsed and is quite forgotten.

In those ancient times there was no age limit, no qualifications; no high schools and graduation, as it is today from the public schools, was unknown.

Everybody went to school and like Anthony's famous talk—"they went right on"—from five to 25 years or until the ambition of the big boys reached that point when they thought they could "lick" the teacher, but they generally got licked themselves and licked hard.

Jack Hamilton, Fred Dishields or Frank Heny—such were the pedagoges who held sway—either of whom could go through a bunch of country louts like a tornado through a Kansas cornfield.

That sound threshing constituted a graduation, then that youth went out into the wild world.

In that distant past, Cahto was a flourishing town and Laytonville was in its infancy—now, Cahto is a reckless ruin and Laytonville wears a sick and sorry appearance.

Each of these towns supported saloons, stores and hotels and the weary way-farer rested and feasted and fattened on the produce of the land.

In those dim ages, old pioneers would ride 40 miles to find expression here and they generally expressed themselves, on arrival with a vengence.

He was a poor scout, indeed, who could not consume a quart of whiskey each day and argue for a week on the merits of a "High Protective Tariff" or "Free Trade" and shout the sterling qualities and sagacious statesmanship of Jim Blaine or Sam Tilden.

And all was peace and order, for at intervals string-halted writs and spavined mandates issued from the "Justice Court of Long Valley Township" declaring its inflexible resolution to uphold the constitution and to enforce the rigor of the laws.

Protracted revivals and camp meetings were common events ,and Sears, Roebuck and Company was unknown.

And, what have we now? People in automobiles flash along the "Redwood Highway" looking for the redwoods to find only a wilderness of blackened stumps.

Airplanes, like eagles fly through the midst of heaven and the air is choked with the broadcasting of radios.

Young people desert the farms and leave them desolate and where a happy household once dwelt the silences are only broken by the wailing coyote in the rank-weeded orchard—"for the former things are passed away."

HELPFUL HINTS by A. Leda

Mrs. Housewife: This newspaper will publish "Helpful Hints" in this form at regular intervals. We suggest you clip this column and paste it in your recipe book.

Home-made Cement.—It is not necessary to buy cement. A very good one may be made by following this simple recipe: Mix some plaster of Paris with the white of an egg to the consistency of cream. This is as good as any prepared cement and a good deal cheaper.

* * *

After Cleaning Clothes.—Very often after cleaning clothes with gasoline a ring will be left. This may be removed by steaming over a teakettle.

* * *

Silver.—If silver is put into a pan of sour milk and allowed to stand over-night, it will be bright and shiny in the morning.

* * *

Pipes.—The pipes in a sink need never become stopped up if just a little precaution is exercised. If a cup of kerosene is poured down the drain once a month, followed by two gallons of boiling water the next morning, there should never be any trouble. The kerosene cuts the grease and the boiling water washes it away.

* * *

Making a Vase.—A pretty vase or flower container may be made from an old bottle. That sounds strange, doesn't it—but it's so. First, saturate a cord in either kerosene or turpentine and tie around the neck of the bottle at the place you wish to cut it off. Then light the two ends of the cord and turn the bottle slowly so that the heat may be evenly distributed. Third and lastly, plunge into cold water and the neck will break off evenly.

* * *

The Grater.—After grating either lemons or cheese, a very stiff-bristled brush will thoroughly cleanse the grater.

* * *

Candle Grease on Linen.—Candle grease may be removed from any linen article by putting a blotter under the piece and using a warm iron. Let the iron stand on the material long enough to melt all the grease, which will be absorbed by the blotter.

* * *

Clothes-pins.—Clothes-pins which have been boiled in salt water will keep the clothes from sticking to the lines in cold weather. A rather good hint for this weather. Add a teaspoon of salt to a quart of water in boiling.

Mrs. Laura Hotel, after a delightful visit at the home of her cousin, Mrs. M. H. Iversen, returned to San Francisco the last of the week.

BEGIN TUBERCULOSIS FIGHT IN MENDOCINO

Ranchers Asking Help To Improve Herds Hereabouts

A petition instituted by 82 dairymen of the coast section, owners of over 3000 cows, is being circulated throughout the county requesting the Board of Supervisors to take the necessary steps toward establishing a tuberculosis eradication area.

Representatives from Point Arena, Willits, Potter Valley, Hopland and Ukiah met with the Board of Supervisors January 15th, to discuss this question.

Would Hold Meeting

The general opinion is a meeting should be held in Ukiah at which all livestock interests might have opportunity to express their ideas and desires in the matter. Accordingly, Saturday, February 9, was set as the time for such meeting. All beef cattlemen are requested to be present to decide upon the issue. Meeting at eleven A. M. at the City Hall in Ukiah.

Danger Is Great

The dairymen of the coast are to be congratulated for their energetic work on this question and for their desire to produce clean milk from healthy cows. It is said that, if tuberculosis in cattle remains unchecked, it will wipe out the dairy industry.

Doing Good Work

Supervisor N. P. Howe, of Point Arena is taking an active interest in the matter and is lending every aid. The call for this meeting is signed by the following representative ranchers of the county:

M. J. Fairfield, Willits, Secretary Cattlemen's Association.
W. M. Groom, Willits.
J. C. Johnson, Ukiah, State Director Farm Bureau.
Chas. Swanfelt, Hopland, Manager Hopland Stock Farm.
Jas. Eddie, Potter Valley.
Leon L. Hooper, President County Farm Bureau.

TO CONDUCT CAFE

Elevation On The Hopland-Lakeport Highway To Have Resort

The construction of a resturant and garage on the summit of the Lakeport-Hopland grade in Lake county, overlooking the beautiful lake and surrounding landscape will be financed by J. R. Dyer and G. A. Bettick of Oakland, it is announced.

ANDERSON VALLEY WON FROM PT. ARENA TEAM

(Special Correspondence of The Republican Press)

ANDERSON VALLEY, Jan. 20.—The Anderson Valley high school basket ball team, in charge of Prof. Hendricks and Forrest Cureton, their referee, motored to Point Arena, on Friday, last, to open the league season with the high school team of that place. The game, which was a lively one, from start to finish, was won by Anderson Valley Union high school by a score of 19 to 6. The Anderson Valley lineup was: Oscar Mattison and Marion Prather, forwards; Chas. Benton, center; Capt. Henry Cureton and Oliver Cureton, guards; Perle Boyd and Leo Sanders, subs.

Another Meeting

On Friday, the last game of the Anderson valley team was with Mendocino here at home and a good game was expected owing to the fact the two teams had tied for honors now in the season's practice games. Anderson Valley won from Mendocino here, but was defeated in the return game. Anderson Valley folk who attended the game at Point Arena to encourage the home team were H. Elwood Clay, Byron G. Gowan, Arthur Gowan, the Misses Rhetta and Christine Burke. At next Friday's game one of the men employed on the new high school building will erect a radio set in the auditorium to entertain the crowd after the game.

Henry Hopper drove to San Francisco Friday and returned Sunday evening.

Poem by Uncle John

Jim Tinker's got a thoughtful spouse—a reg'lar gem, old Jim declares; whenever Jim's around the house, he's one of her especial cares. She criticizes how he chews, an' hates to see his whiskers grow—She fusses lots about his shoes,—she likes to see 'em shine, ye know. She loves to see her hubby work, and bring the toothsome bacon in, but he must eat it with his fork, and not spill gravy on his chin! She notices if on his breath there ain't the scent of new-mown hay—why, it would pester me to death to bresh my teeth six times a day! . . . Jim likes to read the paper some—of evenin's in his rockin' chair,—till she suggests he get the comb, an' rake the straw-seed from his hair. . . . She recommends a chilly bath each night afore he hits the hay,—and registers a show of wrath, on how he stows his cloze away. . . . I'll say they are an ideal pair, affectionate—an' rightly mated. . . . There wouldn't be no discord there, if she could keep Jim regulated.

THE TRUTH "—is also found in frank confession of error"

The Republican Press will be glad to receive and publish corrections of inaccuracies in its columns.

THE NEED OF THE ROAD

FROM many residents of Anderson Valley The Republican Press has received letters expressing hope the road between here and Boonville may be constructed this spring.

A rancher near Philo writes: "To my positive knowledge I know there is at least $250,000 of Anderson Valley money deposited in Cloverdale every year. All of this should go to Ukiah."

"I ship tanbark from Cloverdale each season and I would gladly send my trucks to Ukiah and ship from there, if the road was good. The payroll would be spent in Ukiah, if I could ship from there." writes another.

"It takes me three days to get a letter to Ukiah from Anderson Valley, now. If we had a good road I could get my letters to Ukiah and receive an answer the same day." another taxpayer writes.

"The grade is easy and, with a steam shovel and the right kind of engineering, we could have one of the best of roads for not to exceed $15,000," still another advocate of the proposed highway informs The Press.

"There would be a score of Anderson Valley shoppers in Ukiah every Saturday, if you could get the barrier removed?" said a rancher to The Press yesterday.

Not pretending to speak from actual knowledge, but simply accepting the story told by a large number of people—all speaking practically alike—The Press understands the worst portion of the Boonville road lies this side of the mountain.

If any improvement is to be had on the road, it would appear to be but good business to have the work well done, although it may take a little more money to do the work at the start.

The position The Press takes on the improvement of the road is not one of criticism of the Board of Supervisors, or of any individual member of that body. It is simply that a situation has arisen which should be remedied in fairness to a large number of taxpayers who have been very patient in bearing a travel burden which has been most annoying at times.

On the other hand The Press dislikes to appear in the position of a paper which would take trade from a neighboring community, but, naturally The Press being a Ukiah newspaper, it should be for Ukiah interests first. As this page understands it the big majority of Anderson Valley people would like to trade here, but, just because the road was allowed to remain in wretched condition, they were forced to go to Cloverdale. While it will serve no good purpose to sermonize over the matter now, it is time to end the imposition.

COOLIDGE IS SAFE

WILLIAM H. Crocker, Republican National Committeeman from this state, is back from a trip to the east, during which he had ample opportunity to get a good size-up of the political situation.

In an interview with a San Francisco newspaperman the other day Mr. Crocker said:

"I greatly enjoyed my conference with the President and was deeply impressed with his simplicity and straightforwardness, with his wide knowledge of the needs and problems of the country, and with his truly progressive spirit in planning to meet them.

"Admiration for President Coolidge, his character, his politics and his achievements, was particularly unanimous among the members and associates of the Republican national committee. This was the more significant because some of the strongest expressions of approval came from sections generally regarded as insurgent or radical. The feeling that seemed to pervade these communities was that President Coolidge's honesty, courage and good sense constituted a pretty good anchor for the country to tie to, and that he could be counted on to do the right thing by all. I was gratified to learn that the stories circulated to the effect that the Middle West was opposed to President Coolidge because he had been represented as too conservative were without foundation.

"In the Senate practically all the Republicans outside the La Follette group are for Coolidge, who has also the almost unanimous support of the Republican press of the country."

The California national committeeman couldn't think in party terms in referring to the La Follette groups, "for," he said, "these can hardly be called Republicans."

Mr. Crocker was anxious for news of political significance at home, for, he pointed out, the East is mightily interested in the Coolidge-Johnson primary election contest here.

The Coolidge following will, naturally, have a hard time carrying the state, not because of the conviction of Californians possess Senator Johnson would make the better president, but because of the fact there are a great many Californians who will vote for Senator Johnson through a spirit of state pride—justifying their stand by asserting it would be a nice thing for a Californian to make a good showing in a presidential race. However, there are few Johnson men who really believe Senator Johnson has a chance of winning the nomination. The fact of the matter is President Coolidge will, in all probability, be nominated on the first ballot and, next November elected President by a tremendous majority.

Getting to the local aspect of the fight for delegates to the National Convention, it would appear to this newspaper the Coolidge adherents are making a mistake in not organizing and getting their side of the case before the people. The cause of the President is one any American can support with pride and the chance of doing so effectively cannot be secured unless an organization is completed.

Administration Republicans should get together, form a Coolidge Club and do all possible to retain the executive in office. The country needs him.

HARD LUCK STORIES

Under the general heading of hard luck yarns it is my intention to group a quartette of short snappy ones. One is very old, one is not quite so old and the remaining pair, to the best of my understanding and belief, are comparatively new. As showing how an innate optimism can triumph over apparent ill-fortune, I feel moved to repeat a little story having to do with a light-hearted negro who in a moment of pique brained an acquaintance with a hatchet, and after spending several seemingly contented months in jail was brought forth for trial. The jury promptly returned a verdict of guilty of murder and the judge sentenced the smiling defendant to life imprisonment. As the hand-cuffed prisoner was being led across the courthouse yard on his way back to jail, a friend hailed him: "Hey, Jim, how long is you got to serve?" "Oh, jest frum now on," answered Jim cheerily.

———

This later story relates to actors. A repertoire company had reached the limit of its endurance. One bad engagement had followed another. The manager was down to his last two-dollar bill. The troupe, practically stranded in a remote corner of Arkansas, was about to disband, when a ray of hope shot through the clouds of despair which encompassed its members. Word arrived that a theatre had just been completed in an adjoining town. There had been advance sale up to capacity for the opening night. But at the last moment the attraction booked for the gala occasion had failed to appear and now the welcome news from the local manager was that if the embarrassed outfit could get across country in time, they might give the performance and share in the guaranteed profits. By super-human efforts, which included the hocking of his watch and his fur-trimmed overcoat, the manager raised funds to provide railroad fares for his aggregation to a junction five miles from the other town. Disembarking from the train, the jubilant thespians climbed into a waiting omnibus and started along the winding dirt road. In the front seat, alongside the driver, rode the manager.

"Beautiful country you have here," he said. "All nature seems glad. Just look yonder, ahead of us, at that glorious red sunset. I don't think I ever saw a more magnificent sunset." "That there ain't no sunset, Mister," stated the native, "that's our new opry house burnin' down."

———

To taper off with, I can think of none more suitable than the story of the wealthy white-goods importer who sat in his palatial office one day when a ragged timorous figure came creeping into his presence. He recognized the newcomer as an old friend from the old country. As boys, they had grown up in the same town. They had come to America together, afterwards drifting apart. Now, after all these intervening years his fellow-immigrant had searched him out to tell him a woeful story.

"You are rich," he said; "and I am, oh, so poor! And I need help so very, very much! Listen while I tell you what has happened to me:"

He told—how his wife had run away from him and his children had scattered; how he had failed in one line of business and had entered another only to have a dishonest partner cheat him out of his last cent; how now his health was breaking down and he must go to the poorhouse unless someone who knew him in happier times came to his assistance.

At this juncture his old friend burst into violent weeping. He pressed a push-button in the side of his desk. A brawny porter answered the ring. "Jim," said the merchant, between sobs, "throw this man out—he is breaking my heart."

Your Question And Its Answer

QUESTION—"I have often wondered if your Adjustments would help my throat trouble. I have catarrh and periodical sore throat. Please advise."

ANSWER—Get this fact firmly fixed in your mind, then all doubt as to what Chiropractic will do in your case will vanish. It is this: When pressure is lifted from a pinched nerve, the organ at the end of that nerve will again function normally. An analysis of your spine will undoubtedly reveal nerve pressure in the lower cervical region, where the nerves branch out on their way to the throat. All that is necessary to do to restore your throat to a healthy state is to adjust where this nerve pressure is found. Results will be positive because the true cause of your catarrhal condition will have been corrected. By all means have your spine examined, then take Adjustments as adivsed. We assure you that proper Adjustments will more than please you.

This department is edited to spread the knowledge of Chiropractic in correcting the ills of mankind. Address your queries to

Society and Club Events

By MARIE HINTON REA

WOMAN'S CLUB HEARS A DISCUSSION OF EDUCATION

Education was the subject under discussion Saturday before the Saturday Afternoon Club at its headquarters in North State street. Mrs. W. D. L. Held was chairman. The subject was discussed from various local angles in a series of two minute talks. The speakers, who were introduced by Mrs. Held, and their subjects, were as follows: Mrs. Edward Blackman, "School Finances"; Mrs. Orval Tadlock, "Budget for District"; Mrs. Rowe, "The Parent-Teachers' Association"; Mrs. John Meyer, "The Sub-Normal Child"; Mrs. P. W. Handy "The Junior College"; Mrs. Arthur Tracy "Fundamentals in Elementary School Work"; Miss Shirley Perry, "Our Overcrowded High School"; Miss Mary Graves "Compulsory Education"; Miss Connolly, "Use of County Library in Educational Work." Interspersed with the talks were a number of musical offerings, Mrs. Viv McClure being heard in two song selections and Mrs. E. B. Gibson and Mrs. Louis Hofman in two piano duets. Guests of the afternoon included the members of the faculties of both Ukiah public schools. During the business session Mrs. C. M. Fulkerson presided. Among important subjects receiving consideration was the club's support of a local municipal juvenile band which was heartily indorsed. The club rooms were attractively decorated in greenery with an attractive bowl of carnations and ferns for the speaker's table. The tea service was at small tables presided over by the hospitality committee which included Mrs. Chester Cox, Mrs. S. L. Rea, Mrs. C. M. Fulkerson, Mrs. Ernest Hawn, Mrs. T. C. Maguire and Miss Nellie Turner. The club will give a bridge party on the evening of Friday, Feb. 1 for which many reservations have already been made.

BRIDGE AND SUPPER

Mr. and Mrs. Orval Tadlock were hosts at an enjoyable bridge and supper party Wednesday evening at their very attractive home in West Clay street. Prior to the supper bridge awards were made to Mrs. Hale McCowen, Jr., and Mr. Charles Kasch for high scores. Those who enjoyed the hospitality of the Tadlock home on this delightful occasion were Mr. and Mrs. C. M. Mannon, Mr. and Mrs. A. F. Moulton, Mr. and Mrs. F. T. Barker, Dr. and Mrs. F. E. Rea, Dr. and Mrs. S. L. Rea, Mr. and Mrs. Hale McCowen, Jr., Mr. and Mrs. E. S. Masters, Miss Joan Fraser, Mr. Charles Kasch.

COUNTY FEDERATION

It has been definitely decided the Mendocino County Federation of Women's Clubs will meet in Ukiah Saturday, March 15 in an allday session. Mrs. J. S. Ross of Mendocino, newly elected president, will preside for the first time. Mrs. Augusta Urquart, president of the state federation, will at that time pay her official visit to Mendocino county and be principal speaker before the session. Mrs. Edward J. Wales, San Francisco District president, may likewise attend, as will a number of the members of her official family. The meeting will be held in the Saturday Afternoon club rooms.

TRIO OF HOSTESSES

Mrs. F. T. Barker, Mrs. C. M. Mannon and Mrs. Robert Austin have issued cards for a bridge tea Thursday afternoon at the Saturday Afternoon Club rooms in North State street. The afternoon will bring together a large number of bridge players.

CARDS AND DANCING

The Ukiah Aerie of Eagles was host to its friends at a card party and dance held in the I. O. O. F. hall Thursday evening.

GUESTS PLAY MAH JONGG

Mrs. D. R. Smith entertained four tables of mah jongg players at a charmingly appointed afternoon party Friday at her home in the state hospital grounds at Talmage. A dainty tea service, on trays, with single pink roses in crystal vases for adornment, followed the progressive game. Mrs. E. B. Gibson won the score award. Mrs. Smith's guests included Mrs. F. E. Mason and Miss Ruth Mason, wife and daughter of the new business manager of the Mendocino state hospital, Mrs. Robert LeBaron, Mrs. Louis Hofman, Mrs. S. L. Rea, Mrs. F. E. Rea, Mrs. A. F. Moulton, Mrs. Orval Tadlock, Mrs. E. B. Gibson, Mrs. Robert Austin, Mrs. F. T. Barker, Mrs. A. J. Beal, Mrs. H. L. Preston, Mrs. Mabel Alberston, Mrs. Louis Hildreth, Miss Joan Fraser. Following her return from presiding at the Parent-Teachers' Association, Mrs. M. J. Rowe came in for the tea service.

UKIAH P. T. A.

Mrs. M. J. Rowe presided over the meeting of the Parent-Teachers' Association Friday afternoon. The meeting was the regular January session and was held in the association rooms in the elementary school building The attendance was good. A special speaker, of unusual interest, was William Bromley of the Savings Bank of Mendocino County, who addressed the association on "Thrift." Mr. Bromley was introduced by Mrs. W. D. L. Held program chairman of the afternoon. He spoke of the movement, inaugurated in this city by the bank, to encourage thrift among school children, and urged the parents to get behind the movement more earnestly. So far the results have not justified the effort made by the bank officials. The association received a generous support from the Ukiah public Monday, upon the occasion of the Marionette show sponsored by them, for which they are genuinely grateful.

COLONIAL TEA

The Ladies Presbyterian Society will meet this afternoon at 2:30 o'clock at the home of Mrs. G. W. Stout. The meeting has been called to formulate plans for the annual Colonial Tea of the society which will be held, according to an old custom, on Washington's birthday. The tea will be held in the Saturday Afternoon Club rooms during the afternoon hours of February 22. A good program will feature the affair. In addition there will be a sale of cooked foods and tables may be reserved for tea. For more than a score of years the ladies have observed Washington's birthday in this fashion until the day has come to belong to them and other social events are held in abeyance until the plans of the society are announced.

KOSMOS CLUB

The Kosmos Club will meet Friday afternoon of this week instead of Thursday as is the usual custom. The meeting will be held at the home of Mrs. M. Sloper with Mrs. Harriet Deering presiding. Mrs. Sloper will be assisted in receiving by Mrs. Dick Shattuck, Mrs. Henry, Mrs. Cranz and Mrs. Mary Norris. The subject under discussion will be "Activities of Women." Mrs. Perle Crawford is in charge of the music of the afternoon.

HELP IS NEEDED

A movement is on foot to create a fund whereby money will be available to maintain a municipal band in Ukiah. The movement is being participated in by the schools, the women's clubs, the town and the chamber of commerce. In order to secure the aid of the schools it is necessary that the band leader be a certificated man and with that end in view the services of E. J. Anderson have been secured provided the fund is created.

Mrs. George Kohler of Alameda, a former local resident, was here last week for a visit with Ukiah friends.

DINNER AND DANCE IN HONOR OF NEWCOMERS HERE

One of the most delightful of the week's events for the younger social set was the dinner and dance which Dr. and Mrs. D. R. Smith gave Thursday evening to introduce the Misses Ruth and Naomi Mason, daughters of Mr. and Mrs. F. E. Mason of Sacramento, who have come to Talmage to reside following Mr. Mason's appointment as business manager of the Mendocino state hospital. Twelve young women were asked to meet the newcomers at dinner, an equal number of young men coming in later to dance.

Those who enjoyed the hospitality of the Smith home were the Misses Vivian Green, Ila Ruddick, Ruth and Naomi Mason, Ethel Hagans, Laura and Verna Moffitt, Frances Joseph, Margaret Cox, Esther Henry, Pauline Benjes, Ruth Smith and Messrs. Leonard Connolly, James Holland, Dr. Dupree, Lloyd Cox, John Rowe, Merle Iversen, Jim Busch, Harry Gilmore, Billy Benjes, Jack Montgomery, Jack Crawford, W. A. Chessall.

PROGRESSIVE DINNER

A group of the Senior class of the Ukiah high school enjoyed a delightful progressive dinner Saturday evening in which sixteen participated. The diners gathered first at the home of Miss Ethel Hagans in North State street where the first course was served amid dainty appointments. From there the guests motored to the E. B. Gibson home in North Oak street where Miss Pauline Benjes was hostess, extending the courtesies in a graceful manner. From the Gibson home the motors took the young folks to the C. L. Crawford home south of town where the gracious hospitality that accomplishes so much for the success of any affair, was very much in evidence with Esther Henry as hostess. Later the entire party attended the dance at the American Legion hall. Those participating in the affair, included the Misses Ethel Hagans, Esther Henry, Pauline Benjes, Laura and Verna Moffitt, Naomi Mason, Dottie Allenbest, Ruth Smith and Messrs. Merle Iversen, Jim Busch, Harry Gilmore, James Holland, Floyd Moffit, Billy Lawton, Leonard Connolly and W. A. Chessall.

BRIDGE LUNCHEON

Mrs. W. D. L. Held was hostess to the members of her bridge club at a bridge luncheon Friday afternoon at her charming home in West Perkins street. Luncheon was served at one o'clock at a table daintly decorated in pink sweet peas and ferns. After enjoying the sumptuous repast the remainder of the afternoon was devoted to bridge. The score favor was won by Mrs. John Meyer. The entire membership of the club was present including Mrs. Meyer, Mrs. J. L. Brown, Mrs. G. W. Stout, Mrs. F. E. Rea, Mrs. Guy Redwine, Mrs. C. M. Fulkerson, Mrs. F. E. Gilmore and Mrs. Held.

JOINT INSTALLATION

The Redmen and Pocohontas lodges of Ukiah last Tuesday held a joint raising of Chiefs at their headquarters in North School street. A banquet followed the ceremonies. The chiefs and their officers follow: Wm. Larsen, sachem; K. P. Buchannan, Jr., sagamore; Wm. Haehl, Sr., sagamore; A. E. Garaventi, chief of records; Joe Figone, keeper of wampum; R. L. Andrews, trustee. In Pochontas lodge Mrs. K. P. Buchanan will continue as Pocahontas, Mrs. J. Magulas will be Winona, A. E. Garaventi, Powhatan and Mrs. F. Wegner, prophetess.

WILLITS EVENT

A number of local society matrons went to Willits Wednesday to enjoy a game of bridge as the guests of Mrs. Ralph Duncan of the northern city. Those who motored up for the delightful event were Mrs. H. L. Preston Mrs. T. W. Maguire, Mrs. Robert Austin, Mrs. Robherd Thomas and Mrs. Hale McGowen, Jr.

WEEK-END VISITORS

Mr. and Mrs. K. C. Partridge, nee Irene Hildreth Bond, were week-end visitors at the home of Judge and Mrs. H. L. Preston, motoring up from their San Francisco last Friday and returning Sunday in their handsome new Sedan motor car. Mrs. Partridge is looking exceptionally well and was cordially greeted by many friends here.

PYTHIAN SISTERS

On Friday evening the local lodge of the Pythian Sisters enjoyed an initiatory service and supper at their rooms in the I. O. O. F. hall. Four candidates received the degrees. The committee in charge of the social feature of the meeting was: Mrs. C. H. Duncan, Mrs. J. Magulas, Mrs. Bert Thomas and Messrs. A. O. Graf, W. Martin.

HEAR BANK OFFICIAL

At the meeting of the P. T. A. Friday at the school auditorium William Bromley of the Savings Bank of Mendocino County addressed the association on "Thrift." Mrs. W. D. L. Held was chairman of the program committee, and introduced the speaker.

Mrs. F. D. Patton left last Thursday for San Francisco for a few days' visit.

PLANS DISCUSSED

At the meeting of the executive board of the Fourteenth District, Parent-Teachers' Association held in Healdsburg Thursday plans were discussed for the district convention to be held in Ukiah on the 2nd and 3rd of April. The district includes Sonoma, Mendocino, Humboldt, Lake and Del Norte counties, the first named county members being in the vast majority.

INFORMAL BRIDGE

Mr. and Mrs. Earl Fulwider entertained informally at two tables of bridge and supper Friday evening at their home in West Standley St. Mr. and Mrs. Follette Morrs, holding the highest combined scores, won the handsome favor. Other guests were Mr. and Mrs. Lilburn Gibson and Mr. and Mrs. W. A. Thornton.

JOINT BRIDGE PARTY

Mrs. E. B. Gibson and Mrs. H. L. Preston were joint hostesses to the Wednesday Bridge Club and their escorts last week at the charming Gibson home in North Oak street. The usual supper service followed the bridge game.

WEEK-END VISIT

Mr. and Mrs. Earl Fulwider and three children motored to Santa Rosa last Saturday for a week-end visit with Mr. Fulwider's parents, Assemblyman and Mrs. Lucien Fulwider. They returned home Sunday evening.

CLUB LUNCHEON

Mrs. John Meyer will be hostess to her bridge club at a one o'clock luncheon Friday afternoon to be followed by a session at the bridge tables. The affair will be held at the Meyer home in West Standley street.

ENJOYABLE DANCE

A dance was given Wednesday evening at the I. O. O. F. hall for the college folk who were here for the holidays. The party was staged by upper classmen of the Ukiah high school headed by Harry Gilmore, and proved to be a very enjoyable affair.

Round Valley Items

(Special Correspondence to The Press)

ROUND VALLEY, JAN. 18.—A daughter was born to Mr. and Mrs. Luke Yates on Sunday.

The young people of the Baptist and Presbyterian churches have organized a union Christian Endeavor Society with Mrs. Edith Baker president; Harold Long, vice president. Ina Hurt, secretary and Eve Dunlap, treasurer.

Mrs. Percy Redwine is ill with an attack of mumps.

Sarah Medora, the little six-year-old daughter of Mr. and Mrs. Ed. Long has scarlet fever.

Dick Lightfoot, a former resident of Round Valley, returned recently and will rent the ranch property of Mrs. Chas. Heminway. Mr. Lightfoot is accompanied by his son.

Mr. and Mrs. A. B. Hawley are among the new comers here. Mr. Hawley being clerk on the reservation.

Villa Opris, an employee at the creamery left Thursday for one of the states of Germany where he goes to visit his two small children who are with their grandparents.

The people of this section were shocked on hearing of the tragic death of Chas. Ayers who lived here for a number of years. It seems Mr. Ayers had been working with distillate and his clothing became more or less saturated with it so that on going near a fire he was soon a mass of flames and was burned to death. The body of Mr. Ayers was shipped here for burial, interment being Wednesday from the Lovell undertaking rooms.

Mrs. Frank Spurlock has again gone to San Francisco to consult a specialist.

Mrs. Veda Limner of New York is visiting her parents, Mr. and Mrs. Chas. Hurt.

Rush Anderson, one of our progressive farmers, went to Dos Rios this week to get a fine large car he has recently purchased.

The boys of the Seventh and Eighth grades of the local grammar school are taking deep interest in their band practice under the direction of Frank Zeek principal of the school.

A large crayon landscape done by Clarence Brown, is being exhibited at the Biggar Mercantile Co. The picture is a scene from the National Park, representing Lone Mountain and vicinity and is calling forth much favorable comment. The youthful artist is a son of Mr. and Mrs. Albert Brown and does remarkably good work, although he has had very little instruction.

Some much needed street work is being done by some of our energetic and progressive citizens. It adds greatly to the looks of the town.

The Presbyterian Dorcas Aid is planning an interesting Valentine Social. Particulars will be announced later.

CAUGHT BOTH WAYS

Fort Bragg Resident Was A Victim Going And Coming

James Mathews, well known draymen of Fort Bragg, was seriously injured in a peculiar manner. He was standing in the back of his truck which his son was driving, when another auto came up suddenly at the rear. To avoid a collision, his son swung the truck to one side and also started it ahead at a more rapid rate. Mr. Mathews lost his balance and was thrown from the truck to the pavement. Unable to stop his car in time, the driver of the approaching car ran over Mr. Mathews, but most fortunately did not seriously injure him.

Mrs. Frances Henley returned to the home of her sister, Mrs. M. J. Rea, Tuesday following a visit of several weeks in the bay section.

BETTER METHODS ARE FAVORED BY FARMERS

Central Center Plans Better Things For Present Year

Central farm center held its new year meeting Friday evening. Reports showed a good membershp for 1924, insuring a strong, active center.

Committees Are Named

President McKinney announced heads of his committees to carry out the year's projects, in part as follows:

Range improvement, C. H. Doolittle.

Rodent and noxious weed control Orval Tadlock.

Horticultural improvement, Hanby Ford.

Grape fertilizing tests, E. S. Masters.

Poultry improvement, Paul Irion.

Public utilities, Joseph A. Leonard.

Other center projects will be directed by suitable leaders as the season advances. Members feel the results of their socials have been so enjoyable and so helpful as to warrant still more activities along this line this year, so the social committee will be larger.

What Is The Matter?

Deep interest was evinced in irrigation, and its great importance seems to be realized by the farmers north of Ukiah. The center is not able now to make a practical move towards securing water, and it is not understood why there is not a more genial interest shown. The center will persist in its efforts for irrigation.

Want The Demonstrations

A discussion of field and orchard demonstrations by the farm advisor followed in which a resolution was agreed to, confidentially, by the members. Here is the secret: These demonstrations have proved so interesting and instructive to the farmers and orchardists this center will make a strong effort to monopolize them this year. Most other centers do not appear to realize the importance of them, so the Central feels it is legitimate to get them all if possible. As Mr. Myszka's time for these is limited the center feels it can take them all. The next one will be announced soon and all are invited to be there.

Cover crops and range improvement are given great importance all over the state this year, and this center hopes to do its part towards putting Mendocino county to the front in both.

A Better Method

There was an instructive discussion on pruning vines by the new method, which is yet experimental. This was explained by Mr. Minetti to be a system of training the vines higher—on a four foot stake—and holding them up. He is using this method this year in a small way and likes it, the advantages being, he said, that the vines are easier to sulphur, grapes do not sunburn, mildew is less liable, and the vines give a maximum of bearing in a minimum of space.

Seeking a Fertilizer

The farm bureau is striving to devise a fertilizer that will result in more vigorous vines bearng more and better grapes. Then will be needed a system of pruning that will hold them up in the air, rendering the vines more accessible and reducing to a minimum the grape man's worst enemy—mildew. This will take time but will be done. Why don't all the grape growers come in and help?

Told of Boy's Work

Prof. A. Shultis, agriculture teacher in the high school, gave a good talk on the work he is doing. He reports progress in the boys' and girls' clubs, and has good reason to hope for much from these He explained they are not alone to give the children experience but are also to show their parents the best methods. He told of good work already done by some of the boys, saying they can now feed and house their chickens in a correct way as cheaply as it was done before just haphazard. Prof. Shultis says they are also learning it pays to dispense the best feed to the best animals. Prof. Shultis advocats that farm boys and girls be encouraged by their parents to look with favor on agriculture. He believes they should learn it even though they do not now expect to follow it. He thinks as higher grades of all farm products become the rule in all markets, farming will be more a science and also a better business.

RANCHERS HERE

Farmers From Various Parts Of The County Attend Meeting

Many prominent farmers from various parts of the county were in Ukiah Thursday of last week attending the annual meetings of the Farm Bureau and Marketing exchange. Among them were I. C. Burke, Boonville; Judge F. H. Brown, Yorkville; J. B. Bellatti, Covelo; G. R. Redwine, Covelo; Geo. W. Davis, Willits; J. M Rupe, Willits; Fred Bahn, Willits; A. J. Muir, Willits; J. A. Vassar, Longvale; Homer H. Helm, Longvale; Mr. and Mrs. Sanders Hayes, Longvale; N. J. Kvale, Hopland; Chas. Swanfeldt, Hopland; E. B. Watson, Redwood Valley; R. R. Ingles, Potter Valley; J. G. Newman, Poter Valley; J. J. Thornton, Potter valley; J. W. Lea, Potter Valley; A. F. Busch, Potter Valley; C. H. Doolittle, H. S. Schneider, H. A. Ford, E. R. Taylor and Leon L. Hooper, from Central District.

50 YEARS AGO

Half A Century Since Presbyterian Church In Ukiah Organized

The congregation of the Ukiah Presbyterian church is preparing to celebrate its golden jubilee in April. The local church was founded in that month fifty years ago. A program of merit will mark the observance.

Joe Bartlett has been in Santa Rosa on a visit to relatives in that city.

Infectious And Toxic Condition Kills Boy

The coroner's jury, in the case of Fred Hollenbeck, 16-year-old youth who died under mysterious circumstances Thursday afternoon following a slight illness, brought in a verdict of death from an infectious and toxic condition of the intestines. The dead boy was making his home with Mr. and Mrs. George Wycoff of this city and complained of being ill Wednesday evening. The next morning he remained in bed at the request of Mrs. Wycoff. It was while she was talking to him he lapsed into unconsciousness and died before medical aid could be summoned. The funeral service was held from the Cleland chapel Sunday morning at ten o'clock, interment being in Redwood Valley cemetery. The boy is survived by two brothers and two sisters residing at Comptche and Eureka, three of whom were here for the funeral.

POTTER EVENTS

POTTER VALLEY, JAN. 21.—Mrs. Frank Hopkins has been on the sick list the past week.

Ukiah visitors from Lower Potter Saturday were Mr. C. B. Neil and daughters, Miss Merle and Martha.

Thursday a little boy was born to Mr. and Mrs. Nickles.

Mr. Van Cleve was transacting business in Ukiah Saturday.

Saturday night was the coldest night of the season.

Stoddard Neil came up from Bay Point last week and is visiting at the home of his parents, Mr. and Mrs. Warner Neil.

Walter Jones and wife visited Mr. and Mrs. E. V. Jones Saturday.

Mrs. Edna Mack, of San Francisco, is visiting her aunt Mrs. Lee Knighten.

Mrs. Zumwalt, Mr. and Mrs. Long and Grant Carner, all of Covelo were in Potter Valley to attend the funeral of their sister, Mrs. John Carner, who was buried last Saturday.

HAS BETTER PLACE

George Henley, who has been employed with the Union Lumber Co. at Fort Bragg since his return from China where he passed 20 years, left last week for Pittsburg where he has accepted an advanced position.

TO CLOSE CAMP

The long protracted dry spell is having its results. Mallory's camp on the coast has closed on account of not being able to put any more logs in the river which is now full at the camp landing, and there will have to be water enough to run them out before any more can be handled.

HAS NEW CAR

Judge J. M. Mannon last week purchased a Dodge enclosed automobile from Gowan's Garage.

(Continued from Page 1)

079 the previous year.

Home demonstration agents held a total of 5167 meetings in 1923, whereas in 1922 the total was 4896. The attendance at the meetings the past year showed a decided increase, being 110,005, as compared to 70,727 in 1922. In 1923 the demonstration agents held 222 training classes for project leaders, with a total attendance of 3349—an increase of nearly 50 per cent over the previous year. The number of demonstrations in progress was 1152, while in 1922 the number was 536.

Suggestions Adopted

They report 15,579 families adopting suggestions during the last year, in contrast to 13,588 families the previous year.

In agricultural club work 430 agricultural club contests were organized in the State during last year, as compared to 310 in 1922. In these contests were enrolled 2882 boys and girls in 1923, while the preceding year saw but 2352 enrollments. Of the number in the contests last year, 1984 submitted complete reports of their work, and in 1922 the records completed numbered 1752.

REPORT IS MADE

Red Cross Campaign Here Completed—What Was Contributed

Mrs. Fred Patton, director of the Red Cross drive here, reports a total of $277 collected by the various teams. The amounts turned in by each were as follows:

Ukiah—Mrs. W. A. Ford, Mrs. Toles, Mrs. J. Smith, Mrs. Wegner, Mrs. N. Beckley, Miss Connor, Mrs. Ruddock, Mrs. Rowland, Mrs. E. Grant, Miss Turner, Mrs. Held, Mrs. T. J. Johnson, Mrs. Eva Dutton, Mrs. Dart, Mrs. Martha Scott, Mrs. Hagans. Collected $22[illegible].

Talmage—Dr. D. R. Smith, J. H. Laughlin, S. Satchell, L. W. McLintock. Collected $31.

Potter Valley—Mrs. Waterman, Elsie Hughes, Velma Day, Olive Whittaker, Clara Nichols, Max Thornton, Elizabeth Ryder, Curtis Clark, Martha Neil. Collected $20.

Calpella—Mrs. C. A. Thurow. Collected $2.00.

Lewis Glazier of Upper Lake was a business visitor to Ukiah Monday.

ANDERSON VALLEY

(Continued from Page 1)

12. The game was close from start to finish, Anderson valley leading from the first by four or five points which score Mendocino tied up by two clever field goals in the last minute of the game. The line up was as follows: Anderson valley high school, Ruby Farrar, Faye McGimsey and Ruth Pardini (sub), forwards; Daisy Peterson, center; Violet McGimsey, Margaret McAbee (Sub) side center; Arline Majne and Velma Peterson (captain), guards. Mendocino high school: Ivy Corvalho, Margaret West, forwards; Phyllis Lyons and Edith Borgna, center and side center; Parcilla Lemos and Vera Sillivan (captain) guards.

On Friday, Jan. 25 Fort Bragg plays Anderson valley here in the new school house and another good league game is expected. Mendocino will play Point Arena at the latter place.

Up to date the Mendocino coast division of the league games is as follows:

Anderson Valley high school, two won lost, none.
Mendocino high school, 1 won, lost 1.
Fort Bragg high school, 1 won, lost none.
Point Arena high school, won none, lost 2.

DOING GOOD WORK

The contract for wiring St. Mary's Catholic church is being done in excellent manner by Electrical Contractor Saunders and the work having been approved by the inspector, the plastering will be hurried along. Indications are now the church will be ready for use by early spring.

NATIVE SONS INITIATE

Five Taken In At Last Meeting Of The Ukiah Parlor

The local parlor of the Native Sons held an initiatory service Friday evening at which time five prominent business men of Ukiah were made members. The work was put on by the local degree team after which Grand Vice President C. J. Lynch of San Francisco addressed the assemblage, dwelling particularly on the work the lodge is doing for the Golden State. At the conclusion of the address the parlor enjoyed a tamale supper in the banquet room. At the next meeting the newly elected officers will be installed after which there will be a smoker.

BURKE SANITARIUM SOLD

The Burke Sanitarium sale to Dr. J. H. Tilden, noted Denver, Colo., diet authority, will be at $96,000, according to Dr. W. P. Burke, who confirms the fact that negotiations are under way for sale, and are likely soon to be completed. With the sanitarium building and grounds go some 580 acres of land it is said. Dr. Burke, who has reached the age of retirement from activity, expects to spend his time writing books on diet and health.

FARM BUREAU'S

(Continued from Page 1)

consider the question of a secretary and editor and make recommendations at the February meeting. The committee is: Swanfelt, Hooper and Waugh In the meantime Mrs. F. A. Yates will continue as secretary.

Not Enough Attendance

Of our shortcomings Professor Crocheron mentioned weakness in membership and in attendance at center meetings. He advised these faults receive attention and be rectified. This will not be difficult if each member will do his part.

Did His Best

Immediately following his election President Bellatti was called to the chair. A vote of thanks was extended retiring President Hooper for his faithful service during the past year. Mr. Hooper responded with a few earnest words, stating that during his term as president he had put in one twelfth of his time in Farm Bureau work, not counting evening meetings but withal had gotten out of it much more than he had put in.

More Directors-At-Large

The advisability of increasing the number of directors-at-large from four to six was favorably considered and a committee appointed to draft the amendment. Mr. Newman, chairman gave notice that at next meeting the amending of the constitution will be considered.

Want Coast Centers

Requests have come from two points on the coast, Point Arena and Fort Bragg, asking that Farm Bureau centers be established at these places and that representatives from the Board of Directors visit them and help with the organization. President Bellatti volunteered to go and chose Farm Adviser Myszka to accompany him.

Faithful Worker Quits

E. R. Taylor, our efficient publicity leader, announced that because of being no longer a director and for personal reasons he finds it necessary to resign. In his quiet way, Mr. Taylor has probably spent as much of his time and energy in Farm Bureau work as any other member of the board. The organization has no more faithful worker. He will continue to report meetings in Central center and hopes to be able to contribute other material to the Monthly from time to time.

Approved Of The Work

Professor E. H. Cocheron, leader of the University Extension Service was present at the afternoon session and made a pleasing address, complimenting the Mendocino County Farm Bureau on the progress made, its increasing ability to expedite business, and the development of leadership. He stated that the Marketing Exchange is built on a safe foundation and is one of the few in the state that has gone ahead.

Woman's Statement Will Help Ukiah

"I hated cooking because all I ate turned sour and formed gas. I drank hot water and olive oil by the gallon. Nothing helped until I used Adlerika." Most medicines act only on lower bowel but Adlerika acts on BOTH upper and lower bowel and removes all gas poisons. Excellent for obstinate constipation. Help any case gas on the stomach in TEN minutes. For sale by Morris & Leroy, Druggists.

FIRST-CLASS TREES AT VERY LOW FIGURES NOW

The chance to get excellent pear trees is now at hand. Not only can they be obtained at unusually low cost, but the grade is of a superior kind. The stock is absolutely guaranteed. Here are the prices on first-class pear trees on French or Jap root: 4-6 30 cents, 3-4 25 cents, 2-3 20 cents. L. L. HOPKINS, agent, 615 W. Church St., Ukiah Cal. Telephone 116 33-1-c

LITTLE RIVER LANDMARK DESTROYED BY A FIRE

One of the landmarks of the Mendocino coast was wiped out, when the Pritchard home at Littleriver was burned last week. The fire started in the roof over the kitchen, probably from a defective flue. The building was erected in the early 60's by A. F. Mahlman and has always been occupied by the Mahlman family.

NOTICE

I will not be responsible for any debts contracted by my wife of children.

Chas. H. Dunsing, Ukiah, Calif. 32-3p

NOTICE OF TIME AND PLACE OF HEARING ON PROBATE WILL

In the Superior Court of the State of California, in and for the County of Mendocino.

In the Matter of the Estate of Charles Edward Leek, also known as and sometimes called Charles E. Leek and also C. E. Leek, Deceased.

Notice is hereby given that on the 14th day of January, 1924, Inez Leek produced a document, purporting to be the last will and testament of Charles Edward Leek, also known as and sometimes called Charles E. Leek, and also C. E. Leek, deceased, and filed the same herein, together with her petition praying that the same be admitted to probate, and that letters testamentary be issued to said Inez Leek.

Notice is further hereby given that on the filing of said petition and the production of said document, the Clerk of this Court fixed the hearing of said petition for Friday, the 1st day of February, 1924, at the hour of 10 o'clock A. M., of said day, at the Court room, of this Court, in the Court house in Ukiah City, in Said County and State, and all persons interested are hereby notified then and there to appear and show cause, if any they have, why said document should not be admitted to probate, as the last will and testament of said deceased, and letters testamentary issued to said Inez Leek, the petitioner above named.

Dated this 14th day of January, 1924.

W. H. PRATHER,
County Clerk of said County of Mendocino, and ex-officio Clerk of the Superior Court thereof.
M. H. IVERSEN,
Attorney for Petitioner, Ukiah, Calif.

DRY LAW EVILS CAUGHT FORMER UKIAH RESIDENT

There are those in Ukiah who will tell you, privately, that Peter Swenson was supreme when it came to making home brew and they will also tell you he was liberal with it, but that he took no pay for the same. However, Peter fell onto evil days when he went to Los Angeles to live and continued the making of his nectar. The other day, so returning Ukiah folks state, dry law officials descended upon Peter's place of business in the city of the Angels and took Peter to the boobyhatch because he was caught with a liberal supply of home-made beer. To a close friend Peter confined the private opinion Los Angeles was not populated entirely with Angels, but implied there were people there who should, instead of occupying heavenly positions, be consigned to infernal regions. The escapade cost Peter $250.

Mrs. Cora Grepes, of Willits, was a visitor in Ukiah Saturday.

UKIAH LOSING MONEY BECAUSE OF BAD ROADS

C. W. Sanders, of Philo, was looking after legal matters in Ukiah the middle of the past week and took occasion to say some hard things regarding the Boonville road, this side of the mountain. Mr. Sanders stated that, if Ukiah people appreciated how much money in trade they were losing because of the lack of a good highway between here and Anderson Valley, the matter would be straightened out quickly.

HOME GROWN LEMONS ARE FOUND ON COAST

A nice plate of home-grown lemons are on display at The Point Arena Record office. The came from the G. W. Brandt orchard, near Fish Rock. Mr. Brandt has three or four lemon trees in full bearing. The lemons are of good size, of good shape and color, with no distinguishing difference as to taste from imported ones, sold in Mendocino stores. They are just as tart, just as nice looking.

COYOTE POISONING KILLING OFF PESTS

Satisfactory Reports Coming From All Over County

As a result of the coyote poisoning campaign the number of these animals in the county has reduced to such an extent, sheep left out on the ranges are now unmolested. The cessation of killings of sheep and poultry is proof of the effectiveness of the work, but the hunter feels better satisfied if he occasionally finds one of the animals that has fallen victim to his baits.

Found 27 Dead Coyotes

In some districts many have been found, Geo. Vassar of Long Valley, reporting 27, while in other districts very few have been picked up. This difference is due to a variety of causes, one which is the topography of the country. Naturally fewer coyotes will be found in rough, hilly and brushy territory than in open range land.

Three Dead Coyotes On One Ranch

"Bud" Beattie, of the Hopland section, picked up three large coyotes last Friday on the old Duncan ranch, two within 50 yards of each other. Sheep men in that vicinity who were doubtful at first are now enthusiastic about the poisoning method. Mr. Beattie was in town Friday for a new supply of poison, which is being distributed to the workers through the office of Farm Adviser Myszka.

Antidote For a Dog

An unpleasant feature of the work is that occasionally a family dog gets the poison and is killed. In a letter on this subject to Mr. Myszka, Chas. G. Poole, Predatory animal inspector for California, tells what to use and how to use it in such cases of strychnine poisoning, and these instructions will apply to practically all cases, if the poison has not had too long a time to work. The antidote for strychnine is as follows:

Chloral Hydrate, 20 to 30 gr. in water (½ an 8 oz. bottle water). Pour down and if necessary give salt or ipecac to cause vomiting, then a little more chloral.

Remember This—

"To amplify somewhat on this I may say that where time enough has elapsed so that the poison has worked pretty well into the circulatory system and spasms are frequent and violent, it is not advisable to give too much emetic as it but increases the spasms and tends to exhaust the animal. In this case the dose of chloral hydrate may be slightly increased but not too much as it is itself a deadly poison. Its effect is to put the animal to sleep and relieves the nervous system. When the animal comes to it is possible that stomach will purge itself but in any event another dose of chloral should be given.

Act Quickly As Possible

Salt is a better emetic than grease, while ipecac is still better, but of course not easily obtained. One can force the salt down the animal by hand. It is recommended that, if the chloral hydrate cannot be obtained by your people I can secure it for them here. Any further information you may desire do not hesitate to ask and we will be glad to furnish it if possible."

Mr. Poole encloses a circular from which we quote further: "Salt or strong brine in large doses is usually effectual in the case of dogs, as it retards the assimilation of strychnine and acts both as an emetic and a physic. An emetic dose would be about one tablespoonful of salt. Emetics should always be given early before absorption of strychnine has occurred, otherwise they may do more harm than good. After the animal has vomited give 15 to 40 gr. of chloral hydrate (depending on the size of the dog) in ½ pint of water." If these instructions are promptly and carefully followed the lives of valuable dogs may often be saved.

Monte Banker was in Willits Wednesday on business.

UKIAH IS BECOMING A "VOICE HIGHWAY"

Telephone Company Is Making Exchange A Modern One

A construction job amounting to something more than $40,000 is just nearing completion at the local exchange of the Pacific Telephone & Telegraph Company.

This work is in connection with a job covering the territory between San Francisco and Eureka on which a half million dollars was expended for new long-distance circuits; although this work is being completed in the year 1924 it is covered in the budget of 1923. Lines of communication are sometimes aptly termed "Voice highways" and the Telephone company is building now to care for the development that Ukiah and all of the North Coast cities will receive in the near future.

Big Sum Spent In State

The Pacific Telephone and Telegraph Company System's construction program for the year 1924, in the State of California, involves a capital outlay considerably in excess of the amount which has heretofore been spent in this state in any single year. The plans involve expenditures in excess of $40,000,000 which will be spent for the additions to land, buildings, equipment and outside plant required to care for the constantly increasing demands in the system. During the year it is expected that there will be a net gain in the state of more than 110,000 stations which is 50 per cent greater than gains during the year 1923, which, in turn, was consideriably greater than in any earlier year.

NEW BARK GRINDER TO OPERATE AT PT. ARENA

The Mendocino Lumber Company is installing a bark grinder of 40-horsepower capacity in the storage building which was formerly the old skating rink forty years ago. Here they will grind tan bark which will be shipped in sacks, it being far more economical and easier to handle, and with no waste in transit. The grinder will be electrically operated.

HEAD OF SANITARIUM LEAVING ST. HELENA

Charles E. Rice, for eight years manager of the St. Helena sanitarium and a leader in the Adventist work at St. Helena left last week for his new position as manager of the Hinsdale sanitarium in the suburbs of Chicago.

HAS TO HAVE IT

In renewing his subscription for The Republican Press Al Ford, long a resident of Mendocino county and now living in Oakland, states he has been taking The Republican Press for 35 years and "I simply have to get it each week so I can keep track of my old friends."

ARE LEAVING HERE

Ukiah is soon to loose two estimable residents in the persons of General and Mrs. W. S. Graham, who are shortly departing for San Francisco where the business of the Snow Mountain Water & Power Co. makes it necessary General Graham shall hereafter be.

Judge H. L. Preston is back from Eureka where he held a short session of superior court in Humboldt county for Judge Sevier, who has been quite sick.

Frank Sandelin left for Berkeley Friday last where he will remain a week or longer and then continue on to Los Angeles.

Senator F. C. Handy was a visitor to San Francisco on private business matters the last of the week.

Joe R. Puett, representative of the Oakland Automobile company, was in San Francisco on automobile business several days last week.

Jennie Goldsmith, clever publicity woman of San Francisco was about the city during the past week arranging for the coming of the Marionettes shortly.

Miss Emma Norgard, who is supervising in Sonoma county passed the Christmas holidays with her parents south of town. For the past week she has been in Eureka where she attended the Sciots New Year's ball and was a guest of the La Bohme Club. Despite the stormy weather there she reports a most enjoyable time. The roads were very good, there being some snow in the highest places.

Harvey Thorne of Ukiah, was a week end visitor at Willits. Mr. Thorne holds the record of having twice walked across the United States.

Mr. and Mrs. Bert James of Ukiah passed Friday with M. M. James at Willits.

TALL OPPONENTS TOOK GAME FROM UKIAHITES

The Ukiah high school basket ball team went down to defeat in the first league game of the season at Willits last Friday evening. Score was 60 to 20 in favor of the Willits team whose superior size and playing makes them likely contenders for the state championship. The Ukiah boys put up a good fight, showing more skill and speed than the Fort Bragg boys who were heavily defeated by the Willits team recently. In the preliminary game the Ukiah girl's basket ball team defeated the Willits girl's team by a score of 23 to 18. A large number of local residents motored to Willits to root for the home team.

CLOVERDALE'S CITRUS FAIR FEBRUARY 21-24

Cloverdale's annual citrus fair, destined to be bigger and better than ever, will be held this year in a big tent. Four big days are planned for the affair, the dates being fixed at a recent meeting of the chamber of commerce as February 21, 22, 23 and 24.

TO ERECT BIG HOTEL

Hostelry To Cost $75,000 To Be Built At Clear Lake

Application has been made with the secretary of state for a charter for a $75,000 resort hotel to be erected near Clear Lake Highlands, it was stated within the last few days by officers of the Clear Lake Highlands Hotel Company. Construction of the main building of the resort will start in the near future, it is stated, and will be rushed to completion.

TWICE-TOLD TESTIMONY

Ukiah People Are Doing All They Can for Fellow Sufferers.

Ukiah testimony has been published to prove the merit of Doan's Pills to others in Ukiah who suffer from back and kidney ills. Lest any sufferer doubt this evidence of merit, we produce confirmed proof—statements from Ukiah people who again endorse Doan's Pills—confirm their former testimony. Here's a Ukiah case:

Mrs. Laura Shattuck, 1126 W. Perkins St., says: "I have used Doan's Pills for lame back and kidney complaint and they have always given me excellent results; for this reason I can highly recommend them. I certainly think they are a splendid kidney remedy." (Statement given June 22, 1916).

On February 16, 1920, Mrs. Shattuck said: "My opinion of Doan's Pills is just the same as when I gave my former statement. I seldom need a kidney remedy now, but if my kidneys get slightly out of order, Doan's are sure to give me relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Shattuck had. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

IMPROVEMENT CLUB IS STARTING OFF NICELY

Redwood Valley Folks Plan On Helping Community

(Special Correspondence of the Press)

REDWOOD VALLEY, Jan. 21.—The Redwood Valley Improvement Club met Saturday evening last.. The newly elected executives took office and opened the meeting with a lively bang. The officers are Paul H. Gohlke, president; A. R. Sprague, vice president; F. W. Ruhlkne, secretary; Mr. and Mrs. Gus Page and H. Bucholtz, directors. New projects of benefit were launched, the first of which is an advertising campaign to be carried to all parts of the state and as far east as possible. Although many improvements have been secured by the club, the advertising campaign will be the most difficult and needs the support of the entire community and the club solicits the membership of every person from Calpella and Redwood Valley who has the interest of the community at heart.

The Club intends to develop and improve the community. All meetings are open to everyone.

Sportsmen need not come to the valley expecting to find duck and fish in the ponds which are formed in our roads. Gravel has filled them and the roads made safe to travel. Motto: "Safety First."

WENT TO LAKEPORT

R. A. Mitchell and Dr. F. P. Nelden motored to Ukiah where they met Dr. Ralph Blend. The three drove to Lakeport and had an enjoyable outing. The two former gentlemen live in Willits.

Mrs. Ollie Shaw and daughter, Blythe, of Oakland, who have been visiting local relatives, left Saturday for their home.

NEW ARRIVAL TRAVELS IN $10,000 SIMPLEX

The most luxurious car received in Ukiah thus far was brought to this city last week by A. D. Shortt, the new owner of the former Shomo ranch north of this city. The car is a Simplex, purchased in the east at a cost of $10,000 and shipped to San Francisco by freight and driven here by Mr. Shortt's chauffeur. Housed in the same garage with the premier of automobiles is a Cadillac touring car and a Ford truck, the latter a favorite vehicle with Mr. Shortt, who in company with Mrs. Shortt, drove the truck here from San Francisco recently.

PLAY GEYSERVILLE

Hopland Team Had Fine Practice Game Here Recently

HOPLAND, JAN. 22.—The Hopland Union High School basket ball team will motor to Geyserville Friday to play a league game with the high school there. At a practice game last Wednesday evening with Ukiah teams, Hopland's 130 pound team won, but Ukiah scored a victory with the unlimited team. Like Upper Lake the Hopland boys are handicapped by playing in a hall on a slippery floor, all of their home practice taking place in an outdoor court.

W. F. THOMAS SICK

W. F. Thomas has been ill at the family home in this city. Mr. Thomas' illness occurred shortly after his return with his family from a nation-wide automobile tour. Many friends are hoping for good news from his bedside.

WENT AFTER SALMON

E. W. Dutton and H. E. Davis motored to the coast Sunday on a salmon fishing expedition.

NOTICE TO BIDDERS

Notice is hereby given that the Board of Trustees of Redwood Valley Union High school will receive at their office in Redwood Valley up to January 30 at 10 o'clock A. M. of said day, sealed bids for the furnishing of the following wood:

10 cords live oak or black oak chunk wood, 2 feet long, not smaller than 3 inches nor larger than 8 inches in diameter. Said wood must be cut from sound standing timber and must be dry and fit for use at the time of delivery, such delivery to be made not later than August 1, 1924.

Also 5 cords of fir wood two foot clear fir wood. This wood must be cut from clear, sound standing timber and must be free of knots. Delivery must be made at the school not later than the first day of August, 1924. Bidders may bid on one or both of the orders above. The successful bidder must execute a contract guaranteeing faithful performance of his contract The right is reserved by said board to reject any and all bids. Bids must be mailed to Elsie A. Huber, Clerk of said Board and endorsed "Bids for Furnishing School Wood."

Dated this 8th day of December, 1923.

Alex Kauhanen,
Jay Lee Smith,
A. L. Ford,
Joe Laforet, President
Elsie A. Huber, Clerk.

Board of Trustees of the Redwood Valley, Union District School. 32-3c

MISS GRACE HOPKINS DEAD

Miss Grace Jeanette Hopkins, daughter of Mrs. Emma Hopkins, died at the family home in Santa Rosa Monday night following a long illness. Miss Hopkins was born in Mendocino county July 7, 1894. Beside her mother two sisters survive. They are Mrs. Elma Dodge of Santa Rosa, and Mrs. Ruby Deffenbaugh of Pennsylvania.

LODGE BUYS STATE HOME

The keen rivalry existing between various sections of the state over securing the state home of the Knights of Pythias was settled yesterday when it was announced the lodge had purchased the Kearns place near Santa Rosa for a consideration of $75,000.

RESUMES TEACHING

Mrs. Nell Renick is leaving shortly for Fort Bragg where she will open one of the coast rural schools for the spring term.

The Misses Ellen, Flora and Caroline De Camp motored down from their Willits home Friday for a few hours visit with Mrs. G. W. Stout and Mrs. J. L. Brown.

F. H. Brown, of Yorkville, one of the stand-bys of the Mendocino County Farm Bureau, was here to attend the annual meeting of the body. Mr. Brown is widely known in this section and enjoys the esteem of everyone.

C. H. Clow, one of the prominent ranchers of the Anderson Valley section, was here Friday. Mr. Clow, like so many other taxpayers of his part of the country, is at a loss to understand why the Boonville road is not improved.

Henry Hopper has been in San Francisco on business the past few days.

Mr. and Mrs. Ralph Sandborn of Healdsburg and Mr. and Mrs. Herbert Banks of Windsor motored here Sunday for a visit with Mr. and Mrs. I. A. Iversen.

Ukiah Wins Over Upper Lake Fives

Ukiah won both its games with the Upper Lake high school at Cleland's hall Friday night when the girl's team took the game 36 to 5 and the unlimited battle was won 22 to 18. This is the second league game to be played by the local team. The unlimited contest was marked by tenseness from start to finish. Neither side had much the best of it and it was practically a tie until the last few minutes. The two teams are scheduled to meet again in this city Friday, February 1.

Next Friday night a game is scheduled at Lakeport for the local team when it will meet the Lakeport high school team in two games, but so far the plans have been hung up by the silence of the manager of the Lakeport teams. In a recent game Upper Lake won easily from Lakeport so the contest is not considered difficult for Ukiah.

The Misses Margaret Cunningham, Geraldine Cunningham, and Lurline Jamison left Sunday by motor car to resume their studies at the University of California.

Mrs. G .C. Burke is enjoying a visit with San Francisco relatives this week.
